

CAN Schools Federation Improvement Plan 2022-23

Priority One		Eco School				
Key Objectives				Success Criteria		
1) To provide regularly updated information to the wider school community about our Eco-schools work 2) To involve the wider school community in enhancing our environments i.e. parents/carers, children, governors and allotment association				✓ All stakeholders have an improved understanding of ways to improve our environment. ✓ We have a clear action plan to maintain the green flag Eco schools award and daily planning supports this. ✓ Observations and assessments show that all children make at least expected progress.
