

Federation School Improvement Plan 2022-23

Priority Two	GROWING, GARDENING AND HEALTHY LIVING	
Key Objectives. <ol style="list-style-type: none"> 1) Develop children’s understanding of where their food comes from 2) Work with all stakeholders to create our new allotment plot. 3) Develop healthy lifestyles through growing, harvesting, food exploration and cooking with a range of ingredients. 	Success Criteria <ul style="list-style-type: none"> ✓ All pupils including identified vulnerable groups are carefully tracked in goal 7 and progress is high. ✓ All teaching staff respond and adapt their teaching as necessary to ensure the curriculum is ambitious and meets the needs of each individual. ✓ Parents and children work together to develop healthier lifestyles 	

Objectives/ Link to Ofsted	Activities	Timeline	Key personnel	Resources Costings	Impact	Monitoring Systems
1,2,3	Create displays at nursery and at the allotment to share information about what gardening activities are being undertaking each half term and the learning which is taking place.	22.12.22	NG/HW	£50 each term = £150	Information shared with parents/community, helping them to understand the curriculum that is offered.	Governor to monitor
1,2,3	Ashgate to complete levels 1-4 of RHS gardening awards. Central to complete level 5 award. (see award levels for criteria and action plan)	21.7.23	NG and all garden staff	£200 Ashgate £500 Central	Action plan is being followed and it is on track at each school to gain the awards.	Report to governors Completion of awards
1,3	Increase children’s involvement in cooking activities (making items for lunch, snacks and tea) using the produce that we have grown in nursery and on the allotment. Children learn the skills of following a simple recipe (goal 1 and 5) and using a variety of tools (goal 8).	22.12.22	HW/HWi/PV	None as produce is costed elsewhere and time is part of curriculum	Children have an increased interest in where their food comes from. Children have regular opportunity to eat healthy food.	Tapestry monitoring Parent questionnaire
1,3	Share a range of healthy recipes – make in nursery and send home to share with parents. Staff support parents to continue the learning from nursery at home.	3.10.22 (harvest) then throughout year	NG, HWi	£8 PPA time each week x38 = £304	Children have an increased interest in where their food comes from.	Discussions with parents

Objectives/ Link to Ofsted	Activities	Timeline	Key personnel	Resources Costings	Impact	Monitoring Systems
					Children have regular opportunity to eat healthy food.	
1,3	Send home produce for the children to create meals at home – family learning. Encourage families to share this on Tapestry.	3.10.22 and throughout the year	All garden staff	None	Children have an increased interest in where their food comes from. Children and their families have regular opportunity to eat healthy food.	Discussions with parents
2,3	Advertise on Tapestry and Facebook and at the allotment for volunteers to help set up our new allotment plot. Hep to ensure the plot is set up for learning to happen.	21.10.22	NG	None	Parents/community have become more involved in the nursery work at the allotment	Governor to monitor social media
1,2,3	Create a timetable for regular allotment trips for children at both nurseries and get parents to sign up to help. Enable skills and knowledge in goal 7, to develop using the bigger scale garden plot.	30.9.22	NG/DH	None (PPA time)	Gardening work continues to be a regular part of the curriculum and food is grown throughout the year.	HF to review timetable
2	Use our charity fundraising to support the purchase of a pond liner and a poly-tunnel. Work with the children to make items to sell at the fundraising events.	22.12.22	NG/HF/CS	None – all donations	Children understand how charity works and see how this supports our allotment project.	Discussions with governors and charity board
2	Create a garden design and action plan to create the new Federation allotment site.	21.10.22	NG/DH/HW/ UFK/SL All garden staff	SLT time x 3hrs + 6 hrs of NG time = £250	The allotment is fit for purpose and accessible to all.	NG to share at Governors meeting

Objectives/ Link to Ofsted	Activities	Timeline	Key personnel	Resources Costings	Impact	Monitoring Systems
2	Follow the action plan to build the raised beds, small pond, poly tunnel and information board. Children are able to build new knowledge and skills on the role/importance of the garden areas and how they support our gardening plans.	31.3.23	NG/HW and all garden staff	Supported by NG wage	The allotment is fit for purpose and accessible to all.	NG to share at Governors meeting Governors to visit allotment
1,2,3	Follow the growing plan to ensure things are planted and harvested at the correct times. Children develop skills and knowledge of planting, growing and harvesting a range of fruit and vegetables (Goals 6,7 and 8)	21.7.23	NG/HW and all garden staff	Supported by NG wage	Gardening work continues to be a regular part of the curriculum and food is grown throughout the year. Children make good progress in Goal 7.	NG to share at Governors meeting Governors to visit allotment
